PORTIONS DENIED AS INDICATED

1) A General Officer with a group including Dennie Flinn will shortly go to Bremen to deal with the municipal authorities there on the vexatious situation at Bremerhaven. President Kaisen had spoken to me at length about this on my last visit there.

2) Nürnberg. The stadium will be relinquished to the German authorities on terms agreeable to both sides. The U. S. Army continues to be ready, indeed more than willing, to give up the Palace of Justice if afforded equivalent office space elsewhere in the Federal Republic.

3) General Moses had evidently seen General Hodes this morning about the Munich golf course, and Hodes said this matter would shortly be settled satisfactorily. We do not intend to give up the golf courses at Garmisch and Berchtesgaden built largely with American money, but will try to make arrangements to satisfy the desires of the particular hotel keeper at Garmisch who wishes permission accorded to his clients to use those links.

4) In regard to the 22 USAREUR and USAFE liaison officers and men stationed in Bonn, to whom we give administrative support, Hodes will consider having a staff survey made of the necessity for each position. If the Status of Forces agreement is ever finalized, two or three men could be withdrawn at that juncture. He thinks it necessary to maintain his small press liaison section.
